APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is granted subject to all existing rights on the source. It is understood that the water covered by this permit is drain water which is of a fluctuating nature; therefore the amount of water diverted at any one time is dependent solely upon the presence of such water at the point of diversion.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 50 cubic feet per second.

Actual construction work shall begin on or before July 16, 1951

Proof of commencement of work shall be filed before August 16, 1951

Work must be prosecuted with reasonable diligence and be completed on or before July 16, 1954

Proof of completion of work shall be filed before August 16, 1954

Application of water to beneficial use shall be made on or before

July 16, 1961. Proof of the application of water to beneficial

use must be filed with State Engineer on or before August 16, 1961

Map Filed OCT 26 1950 under 13472

Proof of commencement of work filed JUL 27 1951

Proof of Completion of work filed OCT 17 1955
